General and Revenue Secretariat. | 2nd File No. 21 of 1924

Serial No.	
1	Letter No 6/3/A 6 dated the 4th July 1924 from the Senior Surgeon Nyeri suggesting that the present dispensary building at Karuri may be sold to the Govt dept for a school.
	1) In paragraph 3 of Govt L 9856-62/med. 168-21 of 15/5 the Senior Surgeon was requested to submit proposals for the disposal of the L.F. dispensary building at Karuri. He now suggests that it might be sold to the Govt dept for the location of a school.
	2) I suppose the D.C. of Eon may be unofficially consulted as to whether the building is required for the use of the Educn dept. ~~and if so for what~~
	C.C. 7/7/24 HK. (Land Tenure) 7/7
	3) Yes 7/7

General and Revenue Secretariat. | 2nd File No. 24 of 1924.

Serial No.	
U.O. No 224. 8.8.7.24.	W forwarded unofficially to the Inspector General of Education in Mysore for favour of opinion on the proposal of the Senior Surgeon. By order D. Venkatarangiah for Local Secretary 8/7/24
U. O. No 2 of 8.7.24 Edn. office.	5) Accommodation for schools is very badly wanted at Hunsur & I should certainly be glad to take over the dispensary building, if it is suitable for school purposes. I shall be able to decide this after having the place inspected by a responsible officer & seeing a ground plan of the building. I see in the Senior Surgeon's letter a statement that the building may be 'sold' to the Edn Dept. I fail to see the relevancy of the suggestion considering that both the Education & the medical Depts are departments of Govt, & on going through the papers in the file I do not see anywhere anything to show that the medical Dept or any of the other Depts who located in the new building that has been purchased are paying only their budgets for the accommodation placed at their disposal.

NOTE—Contn. sheet.

5/ Encl 21 — 24

107

6) I have also to bring to the notice of Govt the circumstance that in the retee file connected with the utilisation of Mr Petrie Hay's bungalow not a word is said of the needs of the Edn Dept, while accommodation is found not only for institutions of other depts but for officers as well. May I respectfully urge that the Education Dept is in need of accommodation in schools in almost every place where there is an Educational institution & that the requirements of the Dept deserve sympathetic consideration.

V. Balasundaram Jr

8/7/24

DSE

7) PS. May I also suggest that the accommodation (in a pvt building) at Tee by the removal of the Normal Class (now to the new building) may also be placed at the disposal of the Edn Dept: in which case the whole or part of the Primary School at Trincomalee

With reference to the observations of the D.I.G. of Edn at the end of para 5 of the note above, Hind reference is invited to the correspondence and office notes in the Hind file no. 56-21 SG 1st 16 wherein the procedure to be adopted in cases of the kind in question has been discussed and decided

But what the Senior Professors means is that the cost of the d.t. Dispensary building at Hansi may be recovered from the Education Dept from the funds placed at the disposal of the D.I. of Edn for "Buildings" under "5. Middle & Schools", "6. Primary Education" in the Education Budget of the current year, for being utilised for the improvement of existing Hospitals or to Dispensaries elsewhere

to be put to its original use, viz, location of the office of the Amildar therein. Sub Proceedings C.6, 19/2/26.

2 Recommendation for the Education Department for locating school with building was not thought of perhaps as it would be highly inconvenient to have schools in the same building as that utilised for other public departments. The recommendation was primarily wanted for the Special Magistrate's Court and along with it for the dispensary also. The provision for quarters for officers in the same building was provided for want of quarters elsewhere, & as this will not inconvenience the former the recommendation but will promote efficiency of work.

3 The accommodation available by the removal of the Special Magistrate's Court cannot be made over to the Edn. Dept. for reasons stated

in paras 10 & 11 above

14 The Disp^r pulsey Sch states that he would be able to decide about the letting area of the L.T. Disp^r building after it is inspected by a responsible officer of his dept^t. He may perhaps be asked to arrange for this & intimate the result very early. The question whether any money need be removed and credited to the Rent dept^t may perhaps be decided after the reply is received and along with the order of transfer. In the note to Rent file No 58 of 21, the Hon'ble Secy opined that if the dept^t transferring the building wants money and if the other dept^t can spare money, a transfer of funds might be made. In the Rent dept^t budget, money has been provided for actual buildings. It may perhaps be possible for the dept^t to spare money out of this so that it might be utilised for the improvement of these buildings for the Rent dept^t. The Rent dept^t may also be consulted perhaps.

16) I do not see any reason why the Educational dept. should be asked to pay for the building vacated by the dispensary. The School as well as the dispensary building belong to the Port & Dock Authority & provided we accommodate the dispensary the [illegible] Court has also been provided by the port. The Revenue dept. has not paid for the building nor its special parts & it does not stand in need of reimbursement. What actual- the building which is lying vacant now will perhaps no one to look after it will deteriorate considerably if it remains unoccupied. The D.C.E may be asked to take over the building, his question of compensation if any may be settled later on after consulting the Secretary Agriculture.

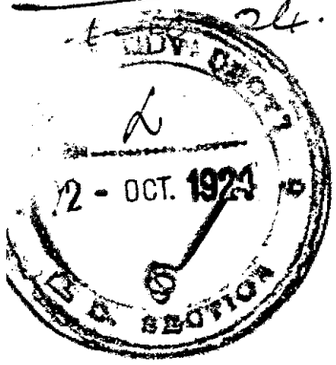
109 (11.)

Gen. & Rev. Sectt. Med. File No. 21 of 1924.

Ec. O. No 5



(4) The shifting of the Local Fund Dispensary to the new habitation and the vacation of the old building has been intimated to the Inspector-General of Education, in pursuance of the orders of Government conveyed in No. L.1975, dated 8th September 1924.

(5) As regards the exception taken by the Inspector-General of Education to the old Dispensary building being "sold" to the Education Department, it is perhaps sufficient to say that the idea is not a new one. The Government must be aware of their orders sanctioning the sale of the Female Dispensary Building at Kolar to the Town Municipal Council of Kolar (vide G.O.No.L. 7977-81 Med.120-21-32 dated 4th April 1924) and both the Government and the Inspector-General of Education have given their sanction and approval to the sale of the Female Dispensary building at Hassan to the Education Department for the location of a Girls' school.(Vide G.O.No.L. 6320-25 Med. 56-21-12 dated 3rd March 1923).

Flag A

(6) In further justification of the proposal made by this office regarding the sale of the building to the Education department, it may perhaps be submitted That, unlike the Medical Department which has to be entirely at the mercy of the Public Works Department, for even the smallest amount of expenditure on buildings or repairs, the Education Department has a Budget provision for 'buildings.' It is difficult to understand why there should be any hesitation on the part of the Education Department to pay for a building readily available, out of the amount which the department would have had to spend if it were to construct a new building. That the old Dispensary building belongs to Government does not seem to alter the position as between the Medical and the Education Departments.

27) As observed in para 16 above, it is true that the Medical Department did not pay for either the present building or the old one and therefore it does not stand in need of reimbursement. All medical buildings belong to the Public Works Department. This department merely takes the position of an occupier. The vacated building at Hunsur reverts to the Public Works Department, and it is for that department to say whether the sale proceeds of the old building should be utilised towards expenditure on the construction or improvement of medical buildings or to recoup a part of the purchase money paid for Mr. Petrie Hay's bungalow where the dispensary is now removed.

28) As the opinion of this office was required as to the disposal of the old building after the shifting of the dispensary therefrom, it was suggested that the same might be "sold to the Education Department". I do not find anything more said in that letter as to which department should be creditted with the amount to be recovered.

29) I think that the question is one entirely for Government in the Public Works Department to decide. That department, in the position of proprietor will have to take over the building and arrange for its care and upkeep in case it is not to be sold or given away free to the Education Department.
